EASTERN DISTRICT OF MISSOURI

My husband worked in the mining industry for many years. He worked hard, long hours to provide for his family. He would say that if he got his years in we would have health insurance for life, which to us was major. As you know one major illness can ruin a family financially. I am a widow, my husband lost his life due to a mining accident. He was working for Seabody. I have multiple health problems, some serious illnesses that have occurred after I lost my husband. I am on numerous medications. I have cancer, an autoimmune disease, and heart problems. I don't know what I will do without my insurance. I am at a loss as what to do if I lose his insurance and pension.

My husband deserves the benefits he worked hard for, for his family. I was told I would have insurance for life. Nine years ago this very month my life changed in the blink of an eye, my precious husband went home to be with our Lord and Savior.

I know there are thousands of widows and retirees that will be affected. I pray that the right thing will be done and we will continue to receive what is rightfully ours. Please don't allow this to happen, it's wrong. I am at a loss, please help us.

Respectfully,
Mona A. Bittner
