Dear Judge Surratt:

My name is Floyd and my wife is Linda Danner. I'm writing this letter to let you know how much we depend on health care. Living on social security doesn't meet our needs.

There is no way we can afford to pay for medicine that runs twenty seven thousand a year. We are both in bad health and require several doctors to meet our health care needs.

No way can we live without health care that we worked for all these years.

I put twenty six years for Arch of Illinois and gave the best part of my life working for them. I worked on third shift, in the cold and bad weather, and in hazardous working conditions.

What would you do if you worked for this company:

1. Knowing what this company had been up to over these years
2. Selling out to other companies
3. Knowing this would be a way out and file bankruptcy and get rid of health care.
4. Breaking their promise which in the contract was for life
5. Knowing this company paid their present company employees a raise of six million dollars.
6. Having no respect for their employee's health care who worked for them so many years.

Kathy Surratt-states its all in your hands to see what's fair . Thank you for reading our letter

And may God be with you on your decision.

Sincerely,

Floyd Danner

Linda Danner
