

Dear Judge Kathy Swratt States,
Please don't let these big companies
do this to my family and the rest of
the coal miners and their families, we
were promised all our lives we would
have insurance. I worked for Peabody
coal all my life, I never even heard of
Patriot Coal until we got an insurance
card in the mail right then we knew
they were up to something. We always
believed in the contract, we've been
worried sick. Thank you for taking
the time to read this

Sincerely

H. Dave Hollingsworth
