U.S. BANKRUPTCY COURT
EASTERN DISTRICT OF MISSOURI

To Whom it may concern,

I am the daughter of a retired coal miner.
The decision the court makes could have a grave
affect not only on my dad, but many many others,
if the Coal Companies are allowed to go back
on their promises they made to my dad and their
other employees

These families will lose their health insurance
Many of them are elderly and suffer from illness
and injuries caused from working in these mines.
Jobs that they continued to work at because
they believed the promises made to them, contracts
the Coal Companies agreed to.

My dad worked 32 years at one of these mines.
He believed he was doing the right thing to
provide health insurance for his self and his
wife. He now suffers with black lung because
of his job in the coal mines.

Please don't allow these coal companies
to file bankruptcy and take what the employees
worked so hard for so many years.

Thank you
Dale J. Elkus
