Your Honorable Kathy

I know my husband & I are not any one special, but we would like to ask you to help us. My husband worked for Peabody Coal Co for 20 yrs. at a very dangerous job. Now all the perks that he worked for, Peabody is trying to take all of it a way from us. When it come time for them (the men) to vote on their contract they stand up for their Health Care & Pensions but the Contract that my husband is getting paid on he draws \$494⁰⁰ a mo & you sure cant live on that & pay for his drs, as 10 yrs ago he had Borden Surgery, so there is no

way we could get & pay for it. I am 78
years old & it would be hard for me to get down
& pay for it. If we new Peabody was going to take
this away from us, We would have got down back
when we were young.

I know there is a lot more miners in a
lot worse shape than we are in & I know they
worked hard & probably gave up a lot on drawing a
little pay check just to keep their Health Care that was
guaranteed to them.

I know a lot of the miners here already died
or are in bad Health. They went in that mine every
day not knowing if they would come out at the end
of their shifts, but they did it for their families.
Peabody just dont care about what was done
for them, they just think about all the money
they can put in their pockets. over
