

10-2-12

Honorable Sherry C. Chapman

I am a 86 yr. old widow my husband worked 40 yrs. in the coal mines

The insurance I have received from Patriot coal has been a God send.

at this time of my life I can't afford to be without insurance.

I have heart conditions. I have 4 Stents and this requires going to the hospital and doctors.

With my small income there is know way of me getting a insurance policy with this heart condition that I could afford.

I pray something can be done that we old people may continue getting our insurance from the coal company.

Yours truly  
Mary K. Crews  
or  
Mrs Clyde J. Crews
