The Honorable Shelley C. Chapman

Your honor, I am writing you hopefully you might understand my feeling towards this situation with Peabody Patriot Coal.

First I will lose all my benefits that has help me thru many of my past illnesses such as Cancer, Hearing loss, and now Heart and Arthritis. I depend on my Benefits to help pay for treatment and Med that Medicare does not pay for.

But most of all I spend 30 yrs providing the Coal Co with my attendance in mining "Black Gold" Coal So they and I could enjoy a bludous of life.

If this is taking away from me, I lose it All!  
As a 25 yrs Unionman and 5 yrs Company, I feel someone such as you will make a good decision of this matter, I realize your heart will prevail!

Thank you so much for your time

Mr Thomas Davis  
Retired Peabody Patriot Coal Miner.
