

HONORABLE Shelley C. Chapman,

I have blacklung; emphysema; strokes;  
sleep apnea; Oxygen; A Nebulizer; multiple  
prescription medications. My wife (Betty)  
has multiple prescription drugs also.  
We both make Dr. visits often.

If I lost my health ins. I  
could NOT afford any of my medications.  
With all my breathing problems I could not  
survive.

UMWA LOCAL 3000
