

The Honorable Shelley C. Chapman,  
I worked for Peabody Coal for 20  
years, now they want to take away my  
medical coverage!

Peabody made a lot of money in the 20 years  
I worked there, they agreed to take  
care of us when we retired. I am 65 this  
year and have had Lukemia for the past  
several years. The medicine I take for  
this costs several thousand dollars a  
month. Even with medicare and a  
supplement insurance my co-pay is very high.  
I can't pay this for very long, everything  
I've saved over the years will be gone  
in less than a year!

Thank you for taking the time to read  
this. We all need your help!

Thank you
