To: The Honorable Shelly C. Chapman

I James R. Jenkins am a 79
yrs. old Postboy retiree who was
guaranteed benefits for my wife
and me for our lifetime.

Without my benefits the
burden it would put on us
is beyond words. There would
be no possible way we could
afford to pay for the care we
need. We could not afford to
see a doctor, go to a hospital
or buy the medicines we would
need. Please keep this in
mind when making your decision.

Sincerely,
James R. Jenkins
