

To Honorable Shelley C. Chapman,

10-1-12

I am a 63 year old retired coal miner. I depend on my Pension & insurance to survive. I have had Back surgery, open Heart surgery, and I am diabetic.

If I loose my insurance who is going to hire me, or insure me at my age & medical problems.

Please consider the impact it would have on me & other miners if we would loose our insurance.

Sincerely

Bobby D. McNeil
