

TO The Honorable Shelley C.
Chapman

I'm writing you this letter
in regards of keeping my health
benefits and pension. My health
keep me from attending the
meetings but if there is any-
thing that I can do over the
phone or by letter I will be
glad to help. I'm not able
to travel due to high blood
pressure, sugar diabetes and
anxiety attacks when around
a large crowd of people. So please
lets do every thing possible to keep
our benefits for I need my health
insurance to purchase my meds
or I can't function. I need my
pension to help pay on my living expenses.
I'm a widow and 76 yrs old and
live by my self so please lets

OVER

do all that we can to keep our
benefits, and please keep in mind
that theres a lot of people that
depends on these same benefits
that I do

Sincerely
Joyce Spaulding
