

Honorable Shelley C. Chapman

Your Honor I worked 21 yrs
 for Peabody Coal Co, with the promise
 of Health care and a S.S. plus pension,
 This last year we had cancer of
 the tongue, I still can not eat very
 well, must drink ensure to keep weight
 up, If I had not had good Ins.
 or I don't know how I would make it,
 I am also a Combat Vet, 1971-72,
 This is not the America I fought for
 There is no honor or fairness in
 what is happening! JUST CORP. GREED
