Dear Judge.

I'm sure your hearing from many of us retirees. We are all so fearful of losing our health benefits in this Chapter 11 suit.

I don't know what will become of many of us. I myself lost my husband, of 34 years after just being diagnosed with breast cancer. Since this was a recurrence my dr. recommended double mastectomy followed by extensive Chemo and Radiation Therapy. I am currently on a hormone program and several meds for improving Vitamin D & Calcium due to loss from earlier treatments.

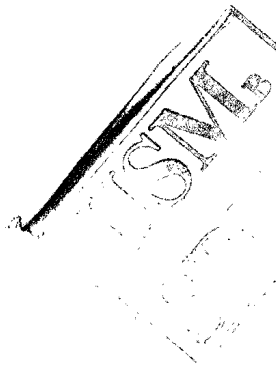

I suspect I will have to sell my home and go on state aid as I do not have enough income to take care of the medical costs.

I am just one of many who will lose drastically if this is not resolved as was promised to us. Please bear in mind all of us who need your help in your decision.

Respectfully
Geraldine Barille (Widow)

P.S. Sorry my writing is so shaky now.
